

These children live in South Africa, in a special place called St John's Care Centre. Most of the children at St John's must take medicine every day. Otherwise, they would get very sick.

The children are cared for and loved by a special group of Religious Sisters. The Sisters are doing what Jesus taught us. They are building a special kind of family at St John's - God's family, where everyone is loved and valued.

Living in any kind of family can be difficult at times. Praying to God can help. God can help us to forgive, be patient and share. So every day the Sisters and the children at St John's gather together for prayers. They also listen to a reading from the Bible, like the one below.

'Love each other like brothers and sisters. Serve the Lord with all your heart. Be joyful because you have hope. Be patient when trouble comes. Always pray. Share with God's people who need help. Be friendly and kind to everyone.' Romans 12:10-13

All the answers to the crossword can be found in the Bible reading.
